Broad trends emerging from the analysis of Year 2011 GS Prelims Paper are:

1. Lot of Questions could be answered by reading the basic material with a questioning mind
2. Newspaper reading wherever questioned required a very deep and conceptual understanding of the topic
3. Questions from World Politics and India's Foreign relations were also seen which were previously absent.
4. Unpredictability is the beauty of UPSC Exam. Therefore the best strategy is to cover all sections of General Studies effectively.

Keep in Mind: There is no shortcut to success

All this points to the fact that a comprehensive preparation of Prelims and Mains is needed before the Prelims paper. One cannot neglect the traditional portion, but even the traditional portion has to be read with a questionina mind.
