

All India **GS Mains PYQs plus**

Test Series 2025

(Decode Past to Master the Present)

ABOUT THE PROGRAM

Any approach to preparing for the UPSC CSE Mains remains incomplete without the comprehensive analysis of and practice of the Previous Year UPSC CSE questions. Nothing substitutes the value of writing answers to actual UPSC questions.

Practising previous year questions (PYQs) offers unmatched insight into the exam's evolving nature, real-time complexity, and the examiner's mindset. **Many toppers consistently emphasize solving actual PYQs** as a critical component of their strategy.

To cater to this vital need, **VisionIAS** launches the **All India GS Mains PYQ-Plus Test Series**. It is a specialized program combining **actual UPSC PYQs with current affairs-based questions on dynamic topics** like International Relations (IR), Environment, and Science and Technology (S&T) among others. It offers a structured, analytical approach with question deconstruction, directive analysis, smart value addition and Innovative Assessment tSystem™ to help aspirants master evolving UPSC Mains demands.
